

TASTING NOTES

2021 Run Free by Singlefile Shiraz
Great Southern, Western Australia

VINEYARD & WINEMAKING

Great Southern shiraz typically exhibits a compelling combination of liquorice, spice, pepper, black cherry and plum flavours. It is typically a more elegant, 'food friendly' style when compared with the better-known shiraz styles of the Barossa and McLaren Vale regions.

This shiraz was picked and crushed to stainless steel tanks where it underwent a very gentle maceration over a two-week period. The must was then pressed and the wine transferred to oak (a combination of new and second use French oak barriques) for twelve months before preparation for bottling.

THE WINE

The wine is a deep raspberry colour. The aromatics display notes of dark plum and charr oak with subtle cool climate spicy undertones and savoury notes. The palate is effortlessly smooth and displays black berry fruit characters flowing through to a subtle spicy finish balanced by ripe soft tannins leaving a surprisingly long finish.

93 points, The Real Review Top Value Wines Tasting, Sept 2022

TECHNICAL SPECIFICATIONS

Alc: 14.1% pH: 3.50 TA: 5.8 g/L Cellaring: Up to 15 years
